

Summer Family Fun at the Corn Hall in 2025

With our children's exhibition 'The Art of the Picture Book' by Dorien Brouwers as our back drop we have loved our summer of creativity at the Corn Hall with lots of young artists.

SWA! inspired by The Art of the Picture Book by Dorien Brouwers

SWA! saw us decorating our very own remarkable pigeons with Dorien, along with creating amazing seascapes, moving birds, shadow puppets, clay dinosaurs, fishy friends, wild being masks, our own seasons wheel and creating our own Wild Being, all inspired by the beautiful work in Dorien Brouwers' exhibition. We filled the blank wall in the gallery with the work we created that day. It was on display for the duration of the exhibition and comes down in just a few days on Saturday 6th September.

Writing workshop for children who really love writing with author and comedian, James Campbell

Later that week, the one and only James Campbell lead a brilliant writing workshop. Together with the great ideas that James coaxed from them, the workshop used 'The Art of the Picture Book' by Dorien Brouwers as inspiration. The fifteen young people worked with James to create some wonderfully imaginative writing which they shared with their families at the end of the day. Watch out! One day we may see their work on the shelves in Diss Publishing Bookshop.
